"Essen is essentially notable for its crucible nickel steel," said Ernst Lange, of Werden, A. R., Germany, who is making a tour of the steel mills of this country, and is at the New Willard.

"There is so-called crucible nickel steel counts for the large exportation of Krupp crucible nickel steel to the United States. In the case of engine parts, where heavy strains are exerted, manufacturers feel woeful blunder, for next day he'll say to obtainable, regardless of origin. process of making crucible nickel steel at the Krupp works is jealously guarded, although, even if all the details were known, the steel could not be made in America or elsewhere, since only the Krupp works possess both the requisite organization and experience. This crucible nickel steel is almost exclusively used by Krupp for gun work, and accounts in large measure for the high reputation of Krupp ordnance. For a given caliber Krupp can be expected to produce a light and one capable of withstanding greater pressure, which means a greater muzzle velocity and striking energy. This fact was demonstrated when some few years ago, produced a field gun after American specifications, which afforded a greater effective shrapnel range of less weight than the American

Misgovernment at Home,

Of course, Senator Stone feels very badly over the way the Filipinos are being governed against their will, but he might help his feeling some by voting oftener against the misgovernment of his own people.

Women and the Ballot.

From the Dallas News. The new plan proposed for women to the herded Senators who sneeze when Mr. Aldrich refuse to marry until they can vote might takes snuff-to ponder the Prehident's words at work all right if they didn't want to marry any worse than they want to vote
